DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This house, located on the east side of South Vermont Street is a two story, four bay log house covered with asbestos shingle siding. Windows have two over two pane sashes which are probably not original, with plain flat topped architraves. There are two central front doors without transoms. A shed roofed entrance porch shelters the doors. The roof is covered with sheet metal. A small brick chimney rises from inside the south end wall. The house appears to be in good condition and probably dates from the mid 19th century.
